NEW MATTER AND AFFIRMATIVE DEFENSES

Delphi and General Motors state the following as affirmative defenses to all claims made by the plaintiff.

1. Delphi, General Motors, and Nu-Tech made agreements for the sale and purchase of goods and services. The written agreements of the parties were and are integrated contracts. All rights and duties of the parties are expressed in these agreements, and no other terms and conditions apply to the transactions of these parties.

2. Delphi and General Motors move pursuant to MCR 2.116(C)(8) to dismiss Count I of plaintiff's complaint, Breach of Contract. Count I of the complaint fails to state of a cause action.

3. Delphi and General Motors move pursuant to MCR 2.116(C)(8) to dismiss Count II of plaintiff's complaint, Promissory Estoppel. Count II of the complaint fails to state a cause of action for promissory estoppel or misrepresentation.

4. Delphi and General Motors move pursuant to MCR 2.116(C)(10) to dismiss Count I of plaintiff's complaint, Breach of Contract. The undisputed material facts establish that plaintiff's claim that Delphi and General Motors breached any contract between the parties is without factual and legal merit.

5. Delphi and General Motors move pursuant to MCR 2.116(C)(10) to dismiss Count II of plaintiff's complaint, Promissory Estoppel. The undisputed material facts establish that plaintiff's claim that Delphi and General Motors breached any contract between the parties is without factual and legal merit.

6. Delphi and General Motors move pursuant to MCL 2.116(C)(7) to dismiss Count I of plaintiff's complaint, breach of contract. The claims of Count I are barred by the statute of limitations. Uniform Commercial Code MCL 440.2725(1); MSA 19.2725(1).

7. Nu-tech lacks standing to assert the claims against Delphi and General Motors.

8. Nu-tech's claims are barred by the Economic Loss Doctrine.

9. To the extent that Nu-tech bases its claims on contracts issued by Delphi or General Motors such claims are barred by the Purchase Order Terms and Conditions.
